

M0 AD Declaration

Product: RUBY

RD VAS PCM: Jens Knapmeyer

Appendices / Conditions:

- Investigations about the feasibility of USB High-speed are ongoing, data transfer is possible via the Lumberg-Interface, but not confirmed in very detail. A confirmation by HW is expected in cw11/06.
- The special project for bundling "remote control Headset with jack connector" is not part of this M0-declaration. A synchronisation of the special project with the phone project is targeted in future.

M0 is hereby declared for AD

AD PCM
